## Description :

Prsentation de l'diteurFirst published privately in 1929 as The Middle Parts of Fortune, Her Privates We is the novel of the Battle of the Somme told from the perspective of Bourne, an ordinary private. A raw and shockingly honest portrait of men engaged in war, 'that peculiarly human activity', the original edition was subject to 'prunings and excisions' because the bluntness of language was thought to make the book unfit for public distribution. This edition restores them. An undisputed classic of war writing and a lasting tribute to all who participated in the war, Her Privates We was originally published as written by 'Private 19022'. Championed by Ernest Hemingway, Ezra Pound, TS Eliot and TE Lawrence, it has become recognised as a classic in the seventy years since its first publication. Now republished, with an introduction by William

Boyd, it will again amaze a new generation of readers with its depiction of the horror, the ordinariness and the humanity of war. *Revue de presse* The finest and noblest book of men in war. --Ernest Hemingway The soldiers swear and curse vilely, show not an iota of military zeal or patriotic fervour and spend their time behind the lines scrounging food and trying to get drunk. The book has the unmistakable reek of total authenticity --William Boyd The soldiers swear and curse vilely, show not an iota of military zeal or patriotic fervour and spend their time behind the lines scrounging food and trying to get drunk.
