Prsentation de l'diteur1901: As Queen Victoria lies dying, Montmorency and his friends are already in mourning, and determined to track down the killers who have wrecked their lives. It's personal obsession, but Montmorency has public duties too, and when the two collide, he must decide which comes first. Can he stop Doctor Farcett's slide into insanity? Can he teach a new generation to forgive when the lust for revenge is eating away his own soul? And how can he fight off his evil alter ego, Scarper, whos under someone else's skin, in a world where everyone's identity is in question.The short, fast-moving chapters never flag and the melancholy whiff of real grief deepens Updales considerable gift for character.
