Hired by wealthy and powerful clients as an executive protector, Savage is assigned to rescue Rachel Stone from her sadistic husband on the Greek island of Mykonos. Joined by Akira, his Japanese counterpart, Savage discovers this case extends far beyond merely protecting and safely delivering a client. Pursued by unknown outside forces, the threesome struggle to stay alive and solve a mystery that spans continents and brings horrifying memories to the surface. Bizarre circumstances involving psychosurgery, samurai, and CIA intrigue create an incredible, fast-paced thriller. The plot--if far-fetched--is strong, and the characters are wonderfully drawn. --Nancy Bard, Jefferson Sci-Tech, Alexandria, VA Copyright 1990 Reed Business Information, Inc.
